CMS Parents and Students:

We are committed to the success of every child who attends Culpeper Middle School. More specifically, we would like to ensure that all of our students leave middle school highly literate and well informed about the world around them. We are requesting that if your child does not currently possess a library card, you will complete the CCPL application that will be distributed at the start of the school year so that your child can read books for leisure.

We also are encouraging Cougars to listen to audiobooks via their cell phones or other electronic portable devices (<http://tlc.library.net/culpeper/contentpages.asp?loc=93>). This offers an auditory way for students to interact and engage with text and gain world exposure. All audiobooks are 100% FREE for library cardholders.

Culpeper County Public Library even offers Online Teen Book Clubs, for those students who prefer to read in a group for discussion and open dialogue (<http://www.supportlibrary.com/nt/landing.cfm?x=860&menu=bccarousel&submenu=bcsignup>).

If you have any questions about signing up for library card access, please contact the Youth Services Coordinator at the Culpeper Library using the contact information below.

We wish all of our students a CARING, MOTIVATED, AND SUCCESSFUL school year!
